\$920,000

22 Koppen Terrace is a unique property offering stunning breathtaking views of the Cairns City waterfront skyline and surrounding mountain ranges. The beautiful two-storey brick veneer home features an elegant, curved entry stone staircase and large front patio, a double garage with its own storage room, four spacious bedrooms all with large built-in mirror robes and individual Juliet balconies, walk-in linen cupboard and two generous size bathrooms conveniently positioned upstairs and downstairs. The living zones are generous in size and includes a pool room that can also serve as a media room, a separate dining room connected to a massive lounge with high ceilings, a very generous laundry area, an exceptionally spacious kitchen with island bench, overhead cupboard space, dishwasher, pantry, and breakfast bar. The tiling throughout the home adds to its unique charm and nostalgic appeal. Externally, the property boasts outdoor living zones that perfectly capture the essence of North Queensland living. An inground pool, deck zones, a built-in BBQ area, and a raised patio with high ceilings provide ample opportunities to relax and enjoy the magnificent views of Cairns. This home is a piece of art solidly built in brick and presents a rare opportunity to own an iconic residence with the most amazing panoramic views. This home is an opportunity not to be missed. In summary, 22 Koppen Terrace offers an unparalleled proximity view of the Cairns Skyline boasting an incredible 708-metre square allotment. The expansive view is really one to be seen to truly appreciate just how amazing and stunning the outlook is. With no homes poised below the residence it really is unique, limiting the possibility of any obstructions to the glorious spellbound views on offer. Koppen Terrace supreme location is the closest elevated view overlooking the Cairns City. Offers in the high \$900,000's range. For enquiries and inspections contact Steve Cordenos 0418774994
