A handsome, happy home!

Just like Grandma's house, big spacious and warm (actually, it is Grandma's house, she's on the move).

Double story brick featuring living rooms and three bedrooms upstairs and then family rooms etc downstairs.

Air conditioned lounge room is a delightfully large and spacious room sure to complement any style furnishings.

The living area flows through the lounge into the dining and around into the big kitchen.

Big relatively modern kitchen with lots of storage cupboards and bench space! Room for all the family! It's a great layout.

There's a small balcony off the dining room to relax and have a cuppa or just day dream about plans for the big open back yard!

Three airy bedrooms. Two bedrooms are quite large rooms - you can decide which is the master! Polished floors in two of the bedrooms.

Stunning Lilac bathroom tub is sure to make you feel part of a different era!

Immaculate bathroom is a big room with separate shower stall and large vanity.

Separate toilet.

A study area in the main entry is equipped with a desk and bookshelves. This area separates the living from the bedrooms.

Internal staircase wraps itself around this area and down to the family room as well as huge laundry, office, storage rooms, second toilet and garage.

Very spacious garage. terrific feature is the third garage door at the rear which gives easy access to a concreted carport for a trailer or boat and also into the back yard

The land is level.

617m² lot with a 19meter frontage.

Lots of potential to improve here. Make it yours!

Fantastic area - 10km radius of the Brisbane CBD.

Easy access to major shopping, hospitals, airports, schools, churches, transport - it's all here in Chermside West.

Be prepared to renovate to your lifestyle standards but do hurry! It's a great opportunity and so good to find a well built home.

For an appointment please phone Shirley 0418335910

Please Note - VIRTUAL FURNISHINGS have been used in the Photography of some of the internal rooms
