On occasions you are privileged to list a truly magnificent property, and this is one of those occasions. You will be in awe of the incredible views that overlook the massive dam and the picturesque landscapes that are all around this special piece of paradise. There is an abundance of spots to build your dream home, or even a chalet or two. This exceptional property is only ten minutes from town and is suited to most forms of farming. Now the owners are running sheep on the property. There is no shortage of water as there are two large dams and a couple of stock dams. Some paddocks have water troughs in them. Complimenting this exceptional rural property is :- A modern 4 stand shearing shed with yards.- A very large machinery shed in new condition.- An older farmhouse with surrounding sheds.- Fencing in very good condition. I recommend anyone looking for a great rural property to come and view this before it gets snapped up.
