\$880,000

The build quality, private setting and fabulous shed facility are stand out features of this extraordinary property. The 1980's design comprises a cavity brick construction with tiled roof, higher ceilings, several living areas, three bathrooms, solid timber kitchen with Miele appliances, Axminster carpets and inground pool. The grounds are established and serviced by a circular driveway. There is a carport and large single garage attached to the house and an approx 19m x 9m secure, powered steel shed on the lower terrace of the property. Only minutes to the Wilsonton Shopping Centre precinct and convenient to local schools.
