These superior apartments are located only at the ends of the building so a limited number of apartments. They are larger, having a wrap balcony, the laundry is out of the bathroom and into the extra space in the galley kitchen and the dining room has a separate space for the dining table. This particular Super 2 has been updated as you will see from the photographs and offers a very private outlook. These apartments are so popular with permanent renters as they are just a short stroll to the beachfront via the boardwalk to Palm Cove beach. This apartment is offered fully furnished and self contained. These are a very much sought after apartment, so if interested contact me for an inspection.
