There's nothing quite like relaxing by the beach – the sound of the waves, the smell of salt, and the way everyone seems to forget about time. How good would it be to also have the tranquil movement of the creek visible from your back yard? If you are looking for the best of both worlds, then this just may be the home you have been searching for. Come and take a look through this three bedroom townhouse. It is more like a relaxing retreat with a block spanning from Nepean Hwy to Kananook Creek and no body corporate. Located across the road from our pristine beach, this home offers carefree living. The first level has internal access from the double garage, a lounge room, two wonderfully spacious bedrooms and access to a deck that will host barbecues and evening drinks for family and friends. There is also an enclosed sunroom with full length bifold doors and a wood heater. It is the perfect space to set up a home office or third living area. On the second level, the open plan kitchen and living area extends to the front balcony where the ever changing sky and spectacular sunsets will keep you mesmerised. The master bedroom has a full en-suite including spa and balcony overlooking the creek. This much loved home has all the features to make living very comfortable. Move into your oasis and put your feet up. It truly is a must to inspect!
