Come home to your ideal tranquil lifestyle

The beautifully appointed Savant is a collection of low-rise apartment buildings. Each featuring one and two bedrooms, most with the convenience of a study or media room.

The secure complex has been thoughtfully designed to blend seamlessly with existing buildings and surrounding parks and bushland. The development enjoys scenic views overlooking the lush, green parklands and spacious, leafy streets that Kellyville is famous for.

Modern design makes the most of space

Choose from a selection of apartments with sweeping views and a generous blend of indoor and outdoor living ideal for entertaining.

Clever interior design means your apartment exudes a sense of space. Clean, crisp and contemporary finishes and features assure enduring style. Your sizeable master bedroom, with large built-in robes, ensures there's a place for everything.

The North West region is on the move and is part of the sprawling Hills district just 35 minutes from the Sydney CBD.

With the easy access to Kellyville and Bella Vista train stations including over 1,200 car spaces and connecting bus routes just a few minutes walk from your front door, commute times have been drastically reduced making the Savant development even more desirable.
