Although only 20 kilometres from Wingham this fertile 16ha retreat will have you thinking that you're in the middle of nowhere. The land is best described as steep and timbered, a 4x4 track winds its way both up & down and side to side through the block to a cleared and elevated ridge which would make a great camp or shed site (STCA) which is surrounded by what seems like untouched native bush and an abundance of native birdlife. There are stands of Blackbutt timber and access to Moorah Creek is available via unformed crown road. Lock your hubs in and come take a look.
