\$365,000

The utilization of a 'once used' shipping container provides a cost effective opportunity to re-engage with the beach culture of White Beach. A modern day beach get-away comprising a central living area, with a bedroom at either end. An undercover deck area with roof tying the 2 together is perfect for everyone to enjoy. Large separate bathroom with wc, shower, vanity unit, and including laundry. Secluded, private, yet only minutes away to the beautiful white sands of White Beach for everyone to enjoy, there's even an outdoor shower to get that sand off when you return from the beach. This property is a must to inspect if you are looking to purchase in this beautiful area. Plenty of room for family and friends to come and enjoy a weekend away, the kids will love their very own play equipment, Dad will love the storage that is available, and mum will love how easy it is to enjoy. Take a leisurely walk to the rustic food van in the pear orchard at Parsons Bay without walking on the road to enjoy a coffee! This is just the perfect place to experience getaways with family and friends and all the magic of making memories. To view this piece of real estate contact the team of Debbie and Danny to arrange your own personal walk through.
