\$590,000

The living is easy in this stylish contemporary residence featuring two bedrooms, a study, flowing open design and sleek finishes. 900mm appliances, cool stone surfaces and a raft of comforts define an interior that looks good and feels great. A private courtyard is easily cared for and ready to enjoy, while city glimpses add a touch of sparkle to the first of two double bedrooms with BIRs. An open study is matched by a study nook below, making working from home easier than ever. Fully tiled, the central bathroom teams with a powder room and concealed laundry. Enriched by heating, cooling, video intercom, an alarm, driveway and garage, this winning home is footsteps to transport, near reserves and schools, handy to shops.
