Guide \$700,000 - \$770,000

Epitomising the style and features of an early 20th Century Inner-city workers cottage, this gorgeous semi-detached home has enjoyed some tasteful renovations, with many options to further explore. The home is located at the quiet end of a one-way street, sweetly nestled behind its white picket fence and picture-perfect front porch. Within, the cottage starts with a traditional floor plan, the lounge room displays an original ornate cast iron fireplace, high ceilings, wide floorboards and two bedrooms are still clad with the original timber paneling. A bright and spacious kitchen sits in the middle of the home, complete with modern conveniences like a dishwasher, gas cooktop and electric oven, while the original, enchanting kitchen stove still sits in its same 1910 position, anchoring the home to its heritage. The thoughtfully renovated 'wet areas' are unexpectedly spacious, and include a shower, separate WC and full-sized laundry. Connecting seamlessly from the kitchen a comfy family and dining room flows to the alfresco entertaining area and large north facing backyard. The floorplan lends itself to easy extension if needed, with ample space to do so, whilst still maintaining a sizeable garden to be enjoyed year round. 23 Bishopsgate St provides the opportunity to own a piece of the inner sanctum of Newcastle, whilst still enjoying a large stake of coveted outdoor space in the area. * Renovated early 20th Century Works Cottage Semi with delightful updates* Kitchen with dishwasher, gas cooktop & electric oven alongside c.1910 stove* Wide original timber floorboards, internal cladding and ornate fireplace* Ceiling fans throughout property in bedrooms and living spaces* Instantaneous gas hot water system* Well-considered and tastefully renovated bathroom, separate WC and laundry* Access to spacious attic area for additional storage needs * Extensive fully-fenced backyard with side access, shed and low upkeep gardens* Honeysuckle precinct and trendy Wickham with great transport links close by* Option to purchase adjacent property for side income, or with potential to merge the floor plans for a full-sized family home.
