Type: House

Paul Franks

Beachside Gem

Set on an impressive 700 square meter parcel and enjoying sweeping park and ocean views, this 2 storey brick residence is ripe for renovation and is situated in one of the Northern Beaches most sought after coastal areas. With the added bonus of self contained potential featuring 3 bedrooms plus study, oversized lounge room, original main bathroom, large timber kitchen and rear family/dining room that opens onto the full length/wrap around balcony, taking in the views for as far as they eye can see. Downstairs includes a rumpus room, utility room, laundry/WC and loads of underhouse storage. With a huge backyard this dated but comfortable family home is located amongst prestige properties, while only being a short stroll to the golden sands of Warriewood Beach, local cafe/eateries and bus transport... this is the seachange you have been waiting for.
