What I'd give to be a fly on the wall of this couples house. In all seriousness the renovation of this period style blue block home is unbelievable. Still being finished off this home features 4 double bedrooms, 2 bathrooms, renovated kitchen, spacious lounge, polished floors, large walkin pantry, fresh paint and a lot of new plaster. Outside you'll find a double garage, 2 rain water tanks, a pergola and a large block with rear access. The owners intend to keep working on their home to finish it as if they were keeping it to live themselves. Any inspection will sure to impress, so contact the selling agent today to make an appointment.
