This property is the epitome of luxury country living. Set on 5.5 acres, this Hamptons inspired home was built in 2017 and has everything you need to live a relaxed, healthy and country life. As you enter the Estate you will be breath-taken by your own private pear tree-lined laneway and just how spectacular every inch of this property is. The home features multiple living spaces. A main open plan entertaining area with open fireplace which seamlessly connects to a patio and the beautiful 'Hamptons Country-Esque' kitchen with butler's pantry. There are four generous bedrooms, plus separate full study, the Master suite unsurprisingly comes with a Hollywood walk-in wardrobe and ensuite, while the other bedrooms all have their own built-in robes. The main bathroom has a cast iron claw-foot bath positioned for spectacular views over the landscape and up to Spring Hills heritage church. Outside you'll be swept away by the blend and extent of the resort and county life facilities. There is an aromatherapy swim spa, firepit, open-air patio and covered alfresco, double garage and shed, multiple vegetable gardens, kids play equipment, water tanks, solar panels, chook pens and more. On the rare occasion that you decide you ever want to leave your perfect country Estate, then it's only a short drive to Orange's Regional Airport, Spring Hill Recreational Area, Orange's famous wine region and the thriving and popular City of Orange itself, which is rich in heritage, known for its award-winning restaurants, boutique shops, glorious gardens and bustling markets.
