\$155,000

This property is amazing! For the tiny price, you get 2 bathrooms, a pool and a solid home! Well designed to maximize space, the house is tiled throughout, has split and refrigerative air conditioning and neat, compact white gloss kitchen. There is separate lounge and dining area and a computer nook. The master bedroom has its own entrance from outside through glass sliding doors onto a patio and view to the garden and its own ensuite. The other two bedrooms are at the other end of the house with their own main bathroom. Inside laundry and terraced garden and even an inground pool with a shade cover, entertainment area and garden shed. Well worth viewing, would make great first home or investment, set up well for a share house situation also. Call Yvonne at Isa Realty to view 0447 165 642
