Looking at buying a block of land in a good location which is close to our beautiful beaches and surrounded by lovely homes where you can build your dream home.... but can't find a block big enough to access your boat or caravan? Check out this sensational flat block with a great frontage of 25.8 metres across the front x 42.78m deep totalling 1104m². This block is fenced on both the rear of the block and right hand side. There is no time frame to build and no building encumbrances on the style of home you have to build. Just the normal Council requirements for the area. All services are available for future connection to the block when you build. This block is a rare find especially with the size and frontage to Highview Grove. Contact the agent for further details
