The ocean views span from Newport to Long Reef and the cul-de-sac neighbourhood is one of the most family-friendly spots on the Plateau; add to that an architect designed, super-stylish, coastal retreat and you've got an inspired fusion of luminous design combined with an unbeatable location. Soaking up a sunny north aspect and bordering green reserves in back, the views skim over the treetops down the coastline; polished interiors take full advantage with an open plan layout and covered, full-length verandas in front and rear. Wide plank oak floors, high ceilings with exposed beams and a clean, neutral colour palette add to its coastal appeal, as does the designer kitchen and butler's pantry, plus a fully self-contained suite on the ground floor. • Fabulous Plateau setting; 696sqm within a family-friendly cul-de-sac- Sun-drenched interiors, north aspect, panoramic coastline views- Smartly finished throughout, boasts premium quality appointments- Open plan layout, custom-designed joinery, oak floors, high ceilings - Breezy verandahs in front and back, deck with level lawns out front- Designer kitchen w/off-form concrete benchtops + butler's pantry- Fully self-contained suite on ground level; ideal teen/guest retreat- Two bedrooms with ocean views; deluxe bathrooms on both floors- Ducted climate control, gas fireplace, double lock-up garage- Short walk to Bilgola Primary School + local Plateau shops/buses
