\$430,000

If you have dreamt of building a brand-new home high on a hill (flood free), then look no more...Imagine driving up to your block with beautiful Panorama Drive with the Pacific Ocean, Bingham Bay and the Tweed River on your left as you feel the stresses of your day slowly ebb away...The owner is seeking qualified offers/expressions of interest from finance approved or cashed up buyers with a short term settlement in mind! Panorama Drive is in the heights of Seagulls and is a mainly owner-occupied street, that is hard to beat! Please email me to have a copy of the contract sent Please note that we do not have any soil tests, contour plans or approved house plans available We may have artists renders/possible available soon from a local experienced designer company, Roscher Services. The house has been specifically designed for sloping site construction by Roscher Services who have been in sloping site designs and construction for over 41 years. Special Note:- The picture shown of the house render (the last picture) is only to give you an idea of a possible suitable house design for your brand new home, it is not council approved
