It's an absolute pleasure to present a cherished home to the market and witness potential new owners excitedly planning their future there. Positioned on a huge, fully fenced block with secure entry and comprising multiple sheds and a stunning magnesium inground pool, this elegantly renovated home with no rear neighbours will provide your family with beautiful memories that will last a lifetime. Welcome Home to 23 Perry Road, Walkerston. A remote front gate provides ease of entry into this peaceful property, and the tree-lined driveway provides a magical appeal and additional privacy for the residence. Once inside, you will appreciate the relaxing vibes flowing throughout the home. Spacious open-plan living wraps around the stately kitchen. Oversized windows in this large area bring the outside in, creating an even more relaxing ambience. Endearing window seats can be found in the spacious primary bedroom and bedroom two, generating a homely and country-style appeal. The stunning family bathroom features a double-sized shower with twin shower heads and a vibrant, beach-inspired backdrop. A powder room sits at the end of the spacious, modern laundry zone and is in the perfect position for the kids when they're enjoying the gorgeous backyard, whether it be time in the pool or cubbyhouse! Beyond the entertainment area, direct entry into the 9m x 6m powered shed comes with the convenience of an additional toilet. The impressive salt magnesium pool sits masterfully in the massive backyard and features a built-in drinks table. The pool is surrounded by a generous seating area and is overlooked by a large, welcoming swing chair. Looking for undercover space for a caravan or boat? Look no further than the 5m x 9m carport out the back. The adjoining 6m x 6m carport provides an extra parking zone and would also be the ideal spot for a workshop.
