Welcome to this delightful 2 bedroom home sitting prettily at the very end of San Francisco Street in popular Midway Point. High on the street, this pretty home offers a sunny aspect and sparkling water views, and is serene and secluded and offers ultimate privacy. The home is immaculately presented, with stunning Tas Oak floors throughout, bouncing around the natural light that floods the living, kitchen and dining space. There is a convenient heat pump installed as well as the classic comfort of a wood heater when the air turns a little chilly. The well appointed kitchen with loads of storage and bench space and dishwasher beckons culinary adventures. There are two bedrooms, the master with built in robes and water views, the second with a pretty outlook to the back garden. The bathroom has been updated and is ample in size and the laundry is tucked away at the back entrance. Outside, the garden is pretty also, with established shady trees, a timber garden shed and a large covered deck that is perfect for hosting BBQ's with friends. The property is fully fenced and the mature trees surrounding the boundary provide excellent privacy. 23 San Francisco Street is located on a no-through road, is adjacent to the park and within walking distance to public transport. With level access, this home would make an excellent down sizer, and also the perfect first home, with it's classic, cool charm. And if more room is required down the track, a second level extension (stca) would deliver the most spectacular 360 degrees views. With little to do but unpack, why not call me to arrange your inspection of this pretty home on San Francisco.
