Secluded amongst natural bushland and beautiful tree ferns you will find this authentic country-style log cabin set amongst approx. one acre. Inside you will find 3 generous-sized bedrooms with ample storage and two of the bedrooms have direct outside access. The kitchen has been tastefully renovated with modern stainless steel appliances including a standalone oven, dishwasher and updated cabinetry. The open-plan dining and living area is complemented by the cosy fireplace for those cold winter nights plus a split system for added warmth and cooling during summer. Centrally located you will find the combined bathroom and laundry with outside access. Walk outside onto the spacious wrap-around verandah which leads up onto the sundeck, perfect for that morning cup of tea or glass of wine in the evening. This property also comes with a concreted 10m x 5m approx. shed with double roller doors and power plus 2 water tanks. Perfect location for the avid bushwalker, trail bike riders and horse riders, a short stroll will take you to the Black Spur Inn, 15 minutes into Healesville and 15 minutes into Marysville.
