## **NEW PRICE \$970,000**

This impressive home is waiting for a new family to move in and enjoy the quiet lifestyle of living on the Golf Course. Enter through the double doors and through the foyer to a very large dining area that has direct access to the outside entertainment area. The kitchen is very well equipped and features a 5 burner gas stove, rangehood, double drawer dishwasher and a movable island bench. The lounge room runs off the dining area and is carpeted and tiled again with access to the outside. Located at the front of the house is an oversized master suite, with renovated ensuite and a walk in robe. There are four other bedrooms on the other side of the home plus a study that could easily make a sixth bedroom, all serviced by a full bathroom, separate WC and a double vanity hand station. This side of the house has its own living area too, so the kids have their own space to enjoy. Step out into the backyard and you will think you are on holiday, you will be impressed with the layout and mature garden. With several undercover areas to enjoy, relax and watch the children in the sparkling salt water pool. Stay energy efficient with PV Solar and Solar Hot Water, there are also water tanks for the garden. With direct access to the golf course you will be sharpening your game in no time at all. House your cars in the double remote garage with space for another two vehicles under the carport. This is a must see home, to book an inspection phone Drew or Toni today on 0458 739 469.
