Built in 2022 this near new home is located in the new and upcoming area of Eaton. Don't want to wait to build then check out this near new build. A lovely 4x2 home with high ceilings throughout the entry greets you with vinyl plank flooring and a shoppers entrance from the garage which is coursed higher for the 4WD's. There is a theatre room for family movie night with custom shelves. The large open plan living room oozes natural light and embraces the kitchen. The kitchen has a long island bench dishwasher and stainless steel cooking appliances, a butlers pantry with multiple shelves and prep areas. The laundry is located off the kitchen with custom shelves and cupboards. Master bedroom is at the front of house with a generous walk in robe. There is an amazing ensuite with the bath inside the shower, unique and must be seen. 3 more bedrooms are located at the back of the house with built in robes and a second functional bathroom. The back yard is a blank canvas with a small shed for storage. Call Ned to register for the grand open home Sunday 19/5
