This 1937 beauty, just walking distance to the centre of St Helens, is more than just a lovely home, it's a little gold mine. It's tasteful decor, polished floor boards, galley kitchen, huge dining space and intimate lounge area provide a hint of why this property is so popular for repeat visitors to St Helens. With a net return (for the current owners) of 9% pa, this beautiful home represents an attractive investment opportunity for any astute purchaser. But if you're more inclined to enjoy this home yourself, you'll love it for all the reasons its regular guests do. The large block allows scope for further garden development, substantial shedding and pure enjoyment. The classic entrance, cosy lounge and gorgeous bedrooms have a welcoming feel and character that simply can't be created in a new-build. The partially completed self-contained bungalow in the garden offers a short-term accommodation opportunity for the home owner/occupier, an additional bedroom and bathroom to the existing accommodation bookings, or for a family member who wants their own space. The East Coast is a mecca for enthusiasts of mountain biking, fishing, surfing, diving, bush walking and wine and food trails, hence the popularity for this property's steady stream of guests. As a family home, you'll love being within striking distance of the wonders this region has to offer, including the stunning Binalong Bay and Bay of Fires.
