Step inside the large entry and you have arrived home. Once inside it opens onto a formal lounge which has a welcoming feel. The formal dining room overlooks the inground salt water pool with beach swim-out giving an oasis vibe. The kitchen is centrally located featuring a u-shaped design with bay window, electric cooking and dishwasher. Behind the kitchen find a large Butler's pantry to store food for days. Then move on to the expansive, air conditioned family meals and living area. The bar is located between the living area and the garage to make easy entertaining. Convenience of a bathroom and laundry on the ground floor. Upstairs is yet another living area for the parents or kids to have their own space. Four bedrooms upstairs with built in robes and ceiling fans. The main with walk in robe, ensuite and air conditioning. An unprecedented garage space is over 9 meters long and 6.8 meters wide. Room for two cars and a workshop area. Solar panels help with power bills and a large rain water tank provides water for the garden. Side lane access to the yard gives you loads of options for caravan and boat storage. Close to village shopping, beach and bowling club. This one will not last long.
