It is my pleasure to offer For Sale this pristinely modern family-size residence featuring it's own little slice of heaven in form of outdoor tropical oasis that only years of curation can achieve, a tranquil space to escape to and relax surrounded by nature. Located at the end of exclusive gated-driveway framed by lush greenery is the home frontage with oversized double carport offering additional storage room and paved open space offering additional parking if required. Entering through the shaded porch into the home you are greeted by a welcoming entrance landing and hallway. Double French doors reveal an impactful lounge/theatre room with extravagant coffered ceiling. Proceeding down the hallway the home expands out to display one of the largest open-plan spaces I've ever been privy to. Crisp whites interspersed with occasional splashes of vibrant blue set a serene vibe, complimented by contrasting warm tones of polished timber flooring. With too many features to talk about so I urge you to take the time to view this exceptional home that has been impeccably upkept by the current owner. KEY FEATURES INCLUDE
