\$502,000

High in style yet low in maintenance, this position-perfect two-bedroom apartment on the south side of Bell Street guarantees immediate lifestyle satisfaction on the coveted Thornbury fringe! Located inside the modern Charlton Gardens apartment complex with access to the building's Jamie Durie-designed courtyard garden, a great deal of style and everyday convenience defines this instant lifestyle upgrade. Brand new carpets throughout enhance the apartment's pristine condition, while the integration between the radiant open-plan living and undercover balcony presents a desirable indoor-outdoor lifestyle aspect. A sleek island bench with waterfall stone benchtops is the face of the gourmet kitchen; quality stainless steel appliances, easy-to-clean splashback and plentiful storage add style and functionality. Both robed bedrooms (ensuite to main) and a modern main bathroom (with laundry facilities) are zoned for privacy; security entrance, square-set high ceilings, plenty of natural light, split-system heating/cooling, secure car space and a storage cage are further highlights. Just when you think it can't get any better, it does when you consider the dream five-star location, which is within easy walking distance of the No.86 tram, Bell train station, High Street's famed bars and eateries, Preston Market, South Preston Shopping Centre, Preston City Oval and parks and just minutes from Northland Shopping Centre and the Merri Creek Trail.
