This rare acreage find, not part of a subdivision, is surrounded by many acres of grazing & bushland and thus offers a peaceful and relaxing lifestyle but is still close to public transport, schools, local shops & the Big Fish Junction shopping complex. The electric train can have you in the Brisbane CBD in approximately one hour, no need to fight the highway if you do not wish to. The large timber/weathertex home, inspired by a Queenslander style, contains polished hardwood timber floors throughout the living areas & is surrounded by 100m² of covered wrap around verandas & deck. The home features four bedrooms, three with BIR's and a large Master bedroom with ensuite. The open plan kitchen dining area with raked ceilings opens out to a large covered deck, connected to the verandas. The kitchen features a gas cook top, electric oven and dishwasher. Ample cupboard space and bench top area for the person who loves to cook. Sit back and enjoy the views of the easy maintenance lush gardens and bushland surrounds. The home is well positioned to capture the morning northern sunshine and the cool afternoon southeasterly breezes. Situated beneath the house is a double lockup garage with remote control garage doors, and an extra storage room plus extra covered storage spaces. The home is serviced by 2 large water tanks removing the need to pay water rates. Given the block is over an acre there is plenty of space for additional car parking, & sheds. Offering a relaxing lifestyle located neatly between the Glasshouse Mountains & Sunshine Coast beaches to the North & the CBD to the south this is a must inspect property that will be well sought after. Inspect now, you will not be disappointed!!!
