This contemporary apartment, which also carries the historical distinction of the land it's built upon having been a residence for the legendary rock band AC/DC, occupies a peaceful position on the second floor of a designer building. Inside the apartment, you'll find a sunny open living room with reverse-cycle air conditioning, a balcony with a view of the picturesque, tree-lined street, a chic kitchen featuring granite benchtops, stainless steel appliances, and an Euro laundry. Additionally, it offers two spacious bedrooms with built-in robes, an ensuite attached to the main bedroom, and a study/computer alcove in the hallway. The central bathroom comes complete with a bath. The building boasts modern amenities like video intercom entry, lift access, storage cage and secure basement parking. Moreover, the apartment has been freshly painted, adding a touch of freshness to its contemporary charm. It is conveniently located near the exciting St Kilda lifestyle, bustling Chapel Street, public transport, the CBD, and all the activities our city has to offer.
