Picture perfect in its immaculate presentation, stylish contemporary flair, and breathtaking alfresco entertaining, this must-see 3 bedroom home is as good as single level living gets! This meticulous residence delivers polished timber floors which cut a striking scene throughout much of the home, including expansive lounge and dining which overflows with natural light and features new double glazed windows. The kitchen/meals has been stunningly upgraded to include luxe stone benches/splashback, soft-closing Blum drawers, dual Franke sink, and Miele/Bosch appliances. Love the size of the front main bedroom which has dual sliding BIRs, while the tasteful bathroom has easy access from all bedrooms and a separate toilet off the laundry. The enormous back undercover Merbau deck with café blinds enjoys views out to the landscaped fruit tree garden (oranges, mandarins, cherries, and bamboo for future privacy!), with ducted heating and evaporative cooling, security doors, and large automated garage via remote security gate are other appealing features. Near The Links Shopping Centre, Karkarook Park, South Oakleigh Secondary College, golf courses, and public transport. Close to Monash & Dingley Bypass/M1 Freeway. We donate a portion of our fee from every property transaction to the Woodards Foundation to support people experiencing homelessness, family violence and social isolation.
