Located only a few minutes' drive from Eastlands Shopping Centre, or just an easy walk away, this brick home is brimming with potential. You can enjoy it as it is or, with a little TLC, renovate and reap the rewards. The open-plan living area features floorboards and large windows that invite natural light and offer distant mountain views. With three bedrooms and an upgraded bathroom, functionality is added to the home. Downstairs, a versatile storage area awaits your creative touch, whether that be a man cave, rumpus room, or office (subject to council approval). The outdoor deck and terraced backyard provide space for family barbecues and enjoyment. Established trees, including cherry, pear, and apple trees in the front yard, offer privacy. Off-street parking for two cars adds convenience. Whether you're a first-time homebuyer or a tradesperson looking for a project, this property is a great opportunity for the astute buyer.
