A private oasis with outstanding design is perfect for a relaxed lifestyle being just steps away from parks, the beach, Elwood cafes, train station and Elsternwick Primary School. Five-bedroom home impresses with its seamless connection to relaxed garden spaces, where you're surrounded by greenery and a rear boundary of open space. It's a wonderful place to call home, with a north-facing family room and twin-oven kitchen opening onto a deck, conversation pit and lawn, and the option of a third living zone or ground-floor bedroom. Excellent planning introduces superb functionality, with a lounge/kids' zone upstairs, spacious bedrooms with walk-in wardrobes, new carpet, and zoned ducted air conditioning, as well as timber floors, bio-flame fireplace, and plenty of indoor and outdoor storage. The interior has everything you need for easy living, including retreat-like spaces and a main bedroom where you look out to treetops through double-glazed windows. You'll love being surrounded by lush garden spaces, entertaining on the deck, and the leafy views from all main rooms. Cul de sac Bridge Street is loved by families for being near Elsternwick Park and Yalukit Willam Nature Reserve, Elster Canal Path for bike rides, and shops, cafes and public transport options in Martin Street, Elwood and Elsternwick.
