\$209,000 Neg

This cute house in quiet Campbell Street could be the one to tick all the boxes. It is a full block rendered house with three really large carpeted bedrooms. All have free standing robes and two with split-system cooling, and being a block home it's not only quiet, but also keep you cool in summer and warm in Winter. Great if you're a shift worker. The large kitchen/lounge/dining area is tiled and is serviced with split system air conditioning with a fully functional kitchen. The tiled bathroom has a large glassed shower recess and separate toilet and large internal laundry. The street is very quiet and all windows have security screens and doors and you can keep your car nice and close to you all undercover and secure. There is also plenty of room to store a second car, trailer or caravan. Outside on 809m² block there is a storage container to lock away tools or camping gear and also another small shed. The property is well fenced for a dog providing that extra security. There is also a large private covered entertaining area to the rear perfect to sit back in the afternoon and enjoy a cold bevvy whilst watching the kids play in the back yard. Nothing to do but move in and enjoy. A care free and low maintenance house to buy and live in and escape the rental roundabout. Don't miss out, this one will go quick! Call Vivid Realty to inspect before this one goes. Leesa on 0438 729 884 or Shan on 0455 025 975
