\$900,000

Nestled in a family-friendly location with an abundance of space for the whole family to enjoy, this exceptional 4-bedroom double-storey residence delivers a complete contrast of social and relaxed family areas with remarkable entertainment credentials, providing the perfect blend of comfort, leisure and functionality. A slightly raised aspect is adorned with beautifully landscaped gardens, before a lavish brick facade, matching its grand exterior with a white tiled entry and high ceilings, creating an undeniable sense of excellence by the formal lounge and dining room. Make your way to the rear where a separate family, dining, and kitchen zone awaits, providing the ideal space for everyday living and entertaining. Granite counters provide the home chef with an easy-care dream, equipped with a suite of Technika appliances. A separate rumpus room features integrated audio for the best social gatherings or movie nights with loved ones, supplemented by a freestanding alfresco cabana, finished with heating, cafe blinds and an adjacent firepit area amongst landscaped gardens. The upper level, with its north-facing balcony, is dedicated to grand accommodation, showcasing four generously sized bedrooms with walk-in robes, led by the master bedroom with a spa ensuite. Every aspect has been carefully considered, with finishes including a dedicated home office, ducted heating, evaporative cooling, new carpets, quality blinds, and a double garage with through access to covered boat/trailer parking. Situated in a family-friendly location, it offers proximity to parklands, schools, buses, and shopping centres, with easy access to Westernport Highway and Mornington Peninsula Freeway.
