Buyers will get a lot more than they bargained for when they explore this newly-listed property situated a short stroll from a nature park and handy to various family amenities. The minimalist facade does not really convey just how spacious and well-conceived the home is, or the fact the double garage has drive-thru access to a spacious two-bay powered shed in the private, sunny aspect backyard. There are also some pleasant farmland views to enjoy while you entertain on the wide rear gable patio. The New Horizon Homes abode is contemporary, extra-spacious and ideal for family living. The towering cathedral ceiling and feature lighting really make the huge light-filled open living, dining and kitchen zone stand out. Impressive to say the least, the kitchen is decked out with quality integrated appliances, excellent storage and benchtops and a larder, which flows to a laundry, with great storage. The hub includes a wood fire and r/c air-conditioning and flows to a superb media room and a dedicated office. Pampering and privacy is what the front master suite is all about, especially with such a spacious walk-in robe, and an ensuite with twin vanity basins and showerheads and a separate toilet. The kids don't miss out either. All the bedrooms have mirrored robes and there is a stylish bathroom and upscale powder room nearby. Extras include high ceilings and superior quality soft furnishings, and a handy outdoor shower ideal for scrubbing up after working in the shed or backyard or being at the beach. Well-worth viewing.
