Situated approx. 15mins from Nagambie is this picturesque 50-acre farming parcel. Nestled among 50-acre farming properties with homes to one side, and national park to the other, this property could make the ideal location for your new home (STCA) or enjoy your own rural grazing/pursuits. With farming shed (needing some repair) and dam, this could also make an excellent weekender property, plenty of options!! Previous planning permit approval in 1997, and approval for new dwelling will be considered upon application. Exactly 15kms from Nagambie.
