Imagine the excitement of discovering a sublime, fully renovated family home in one of Wantirna South's most highly sought pockets, within 250 metres of the open green space of Llewellyn Park. Offering a well-considered floorplan across a preferred single level, the home boasts the ability to be used in a variety of ways as your needs change over time. At the entry is an L-shaped living-dining room. This is a sizeable space that flows through to the heart of the home, an open-plan zone comprising a casual family-meals area, and a large kitchen that is as attractive as it is functional. It offers quality appliances, stone benchtops, glass splashbacks and the convenience of a walk-in pantry. Opposite this is an open study, which is ideal for the home's students or those requiring a dedicated work-from-home space. Completing the internal accommodation are four robed bedrooms and two modern, fully tiled bathrooms. This includes a master bedroom with a parents retreat and an ensuite, and a central bathroom with a deep freestanding tub for the ultimate indulgence. Outdoor living has also been thoughtfully considered, with an undercover alfresco space allowing for quiet relaxation or entertaining family and friends. The area, which has both decking and paving, is adjacent to a sizeable backyard framed by picturesque gardens, making it a place you'll love spending time. A variety of extras are an additional bonus. These include Tasmanian Oak floorboards, plantation shutters, gas ducted heating, evaporative cooling, split system heating and air conditioning, a full-sized laundry, double-glazed windows, two water tanks, a double lock-up garage, a triple carport, and further off-street parking behind a secure gate. Then there's the amenity-rich location, close to local buses, Eastlink, a range of popular schools including Waverley Christian College, and shopping, café, and dining precincts such as those found at the High Street Road strip, Westfield Knox, and The Glen. This is a rare opportunity in a superb location, and it won't last long, so inspect without delay.
