**\$1,750,000 - \$1,850,000**

The Feel: Entirely renewed rather than merely renovated behind its classical façade, this former Victorian is now a contemporary home offering fabulous, flexible spaces and the family friendliness of four bedrooms and a separate study or nursery. The exceptional, expanded design delivers refined, relaxed dimensions against a north-facing backdrop that's a perfect, private slice of paradise in a position that puts The Strand and the water at the end of your street. The best, of everything! The Facts: - Charming façade that reflects the Victorian origins of this instantly desirable address, with off street parking.- Comprehensive, front to back re-invention and re-imagination that's impressive in its dimensions and details. - Light-filled, north-facing living and dining spaces flow to the landscaped backdrop's dual decks, with privacy provided by bamboo.- Modern Shaker style open-plan kitchen featuring ILVE appliances and a Fisher & Paykel dish-washer drawer.- A downstairs main bedroom with walk-in robe, ensuite and intimate deck is complemented by a second bedroom with its own sitting area.- Upstairs, two additional bedrooms, two further bathrooms, and a versatile study or nursery further illustrate the allure of the accommodation.- Each beautifully appointed bathroom and all the bedrooms reflect a total commitment to quality.- Heating/cooling in each room, abundant integrated storage spaces and separate laundry.- Walking distance from Williamstown shops, it only takes a moment or two, from this outstanding address.
