Well presented and carefully maintained, this 3 bedroom home doesn't need you to work on it, just move straight in. The 3 bedrooms all have built ins and ceiling fans, the main has two way access to the bathroom. The bathroom has a separate shower and bath, and there is a separate toilet. A sizeable living area with a wood heater adjoins the kitchen/dining rooms, which is air conditioned and enjoying views to backyard. With the home positioning, there is back access and plenty of room of a shed and backyard for the kids. It's all so neat and maintained with care. If relaxed, established comfortable living is on your mind, call me to see this property.
