24 Lang Street Inverell... where do we start and where do we finish. A pinnacle of its time, this home turned heads when it was built in the 1960s and still turns heads today. Internally, there are 4 generously sized bedrooms all have built-in robes. The main living area features copious proportions with immense natural light, french doors onto a patio, gas heating, and ceiling fans. Original bathroom with shower, bath, and toilet. In the 1980s the home did undergo an extension and renovation - this saw the master suite including an ensuite and walk-in robe, formal lounge, and bar area, as well as the kitchen being replaced and updated. The outstanding inground swimming pool and entertaining area makes for great summertime fun. Car accommodation includes a single carport and double lockup garage with internal access, a workshop, and a garden shed. Positioned on a 653 square metre corner allotment, enjoy the Ross Hill Heights location while only being 1.4 km to the Inverell CBD. This home not only screams progression and forward-thinking but has stood the test of time. After 60 enjoyable years, it is time for the next person to acclaim this noteworthy home and amplify its history.
