A quality home that has been immaculately maintained and had some impressive and stylish updates made. A well established position in a quiet cul-de-sac this place will appeal to the house proud fastidious buyer. An interesting split level design offering 4 bedrooms, 2 living areas, large main bedroom with WIR and ensuite. The home also has a lovely outlook to Blackbutt Reserve and the ocean with a covered outdoor entertaining area at the rear. No expense has been spared in the recent renovations of the kitchen and main bathroom. A very inviting and appealing family home indeed.
