\$745,000

This 4 bedroom brick veneer home was built in the 80's and is situated on a traditional 1/4 acre block in the centre of town. With plenty of room for the van, boats and shedding and a large yard for the children and pets to play. A true family sized home with 2 large living areas, two dining areas and a central kitchen with gas cook top, electric over, pantry, upper and lower cupboards and large peninsular bench. Master bedroom is extra large with bay window, WIR and an en-suite with shower, vanity and toilet. 3 additional bedrooms with BIR's, carpet and floor to ceiling windows. Central bathroom with spa bath, shower and vanity. Separate toilet. Internal laundry with bench space and cupboards and direct access to the back yard. Split system in the main lounge, with individually controlled underfloor heating in each room. Large solar system in place to keep those power bills down. Double lock up garage with room for two large cars with rear year access via roller door. Outdoor patio off the main dining area as well as sliding door access to the rear yard from the 2nd living area. Caravan parking to the side of the home with ability to add a gate to access the rear yard for higher vehicles. A 6 X 9m shed with power and concrete floor. Extensive sized secure rear yard ideal as garden space for the children, grandchildren or pets to play. Ample space to add additional shedding or increase the size of the current one (STCA). In need of a cosmetic refresh, replace the carpet and paint and you have a large solid home in the centre of town without the need for a build. A rare opportunity in town to secure such a large property on a decent sized block. Contact our office for a private inspection.
