Situated on a 1,020*sqm allotment, the elevated aspect of this modern, low set brick family home captures the breezes and valley views. The open plan design of the home features fully ducted air-conditioning, ceiling fans and the convenience of tiled living areas. A cosy separate lounge room is a quiet retreat after a busy day. The convenience of the centrally located kitchen allows the chef to "keep a finger on the pulse" and is finished in classic white, gas cooktop, electric oven and dishwasher. Four bedrooms, all have built-in robes. The master with its walk-in robe and ensuite are privately located away from the rest of the home. Step through the sliding glass door and out into the stunning, undercover entertainment area. The perfect place to relax and unwind while admiring the beautifully landscaped back yard. The placement of trees and shrubs adds privacy to the already peaceful setting. In addition to the double lock up garage, there's an undercover carport which offers vehicle accommodation for up to 3 vehicles, or your camper. The home also has solar panel installation. This is a tidy, beautifully presented family home which deserves your attention. Private inspections available by appointment.
