In a central Pascoe Vale location this older family home on a sprawling corner site offers a rare combination of space and potential. Over two light and spacious levels with a northern rear aspect it features five bedrooms (BIRs), two bathrooms, formal living, dining, and kitchen and a second living/rumpus room. Outside there is a large garden with easy vehicle access from Pardy Street via a roller door plus a separate garage. Added highlights include separate laundry, storage, ceiling fans and split system heating and cooling. Explore the options for renovation, further development, or a new home site (STCA). Part of a well-established community it is close to schools, parks, transport, and local shops and cafes.
