**\$435,000**

This place just feels like home as soon as you walk in and sits in one of Launceston's most sought-after suburbs. It's north facing, takes in all-day sun, and has two driveways which provide loads of off-street parking space, plus an awesome big garage. The long list of features will appeal to many, some of which include: Updated kitchen with loads of bench space, family friendly bathroom with separate toilet, master bedroom with an additional room which can be utilized as an office, study or could easily become a massive walk-in wardrobe, cosy lounge with charming free-standing wood heater, insulated ceiling, solar, plus solar hot water, storage area underneath, double garage with remote roller door, fully fenced, flat backyard with established gardens and low maintenance grounds. To really complete the package, it's less than 5 minutes from the Meadow Mews Shopping Centre and easy walking distance to some of Northern Tasmania's most reputable Primary and High schools. This home does need to be seen to be appreciated and vendors MUST have a contract to secure their next property. Call Harley for more information today.
