**\$1,800,000**

Located in the "Golden Triangle" of Palm Cove is the inner "Dress Circle" where you will find this elegant home. There are so many aspects of this property that are just delightful. The property starts with beautiful landscaping with twin waterfall pots at the front garden courtyard, leading to double French doors that open to reveal your first glimpse of the property. Long view from the entry and a seating area through to the bi-fold doors to the extra large pool and pavilion. Entertaining on this deck will be impressive. The kitchen is gorgeous with beautiful waterfall stone bench tops, plus a butlers pantry to hide the "workings" of the kitchen, European appliances and very user friendly drawers. The island is extra long to layout your buffet for self service entertaining and that casual breakfast buffet. The master suite is huge, full bathroom with free standing bath, WIR that will fit all clothes and a bedroom area positioned that you can look out over the timber decking and pool. The things you can't see - full irrigation system, solar panels, intercom to front gate, security system, fully screened, white plantation shutters and blinds. The property oozes class... Features: 4 king size bedrooms, 3 bathroom, 2 living areas, separate dining area, designer kitchen and butlers pantry, good size laundry. Double lock-up garage, fully landscaped garden. super large pool deck to the pavilion Inspection by appointment
