Spacious is the best word to describe this easy-flow, family home, perfectly positioned on 2.5 acres of undulating land. This home is unusual, designed in an H configuration, with oodles of space in each wing. The central living area has huge high ceilings, catching the breezes and views out over the horse grazing in the paddock. There are numerous living and entertaining areas to relax for family gatherings. The master bedroom occupies one whole wing with a huge bathroom and spa bath and its own patio.

The water supply pipes to Brisbane City provide a separation to Mount Crosby Road, with a stand of pines across the front of the property giving added seclusion. Some will love that the house is offered as is, and an astute Buyer will appreciate the unique feel and all the wonderful aspects this home has to offer.

One lucky family will call this home for the next chapter in their lives. Will you be making memories here with your family?
