Situated in the picturesque Quorrobolong Valley with stunning views of the Watagan Mountain Ranges, this 40 acre gem is the ultimate canvass for your dream country estate. Fenced into several paddocks, the relatively flat land is fertile, arable and well-watered by a creek and 2 dams. A 5-bay machinery shed, insulated with a combustion fire, air conditioner, an off grid solar system (large enough to power a house) and a water tank, are already there for your convenience. Located just 12 minutes drive from the local primary school, 15 minutes from the closest supermarket, 30 minutes to the foreshore at Toronto and the Lovedale and Pokolbin wine/tourist regions, 1 hour to Newcastle and 1 ¾ hours to Sydney, the delightful farmlet would make for a perfect place to live or to spend your weekends.
