Trinity Design with an Avant Upgrade and Ducted Air-conditioning

Based on our most popular design because of its innovative yet functional floorplan - architecturally designed for you to make the most of our ideal local climate. Among the many unique features are the dual courtyards providing two alfresco options. High ceilings throughout and premium oak flooring combine to create a feeling of rare sophistication. Incorporating two master bedrooms with en-suites, the main bedroom also has access to the courtyard and a surprisingly spacious bathroom. The double garage guarantees extra storage and naturally the convenience of internal access. For high end living, this home ticks all the boxes and inspection is a must..
