Unfortunately our current tenants need to break their lease and an opportunity has arisen for you to secure this beautiful property. It is a pleasure to present this near new architecturally designed home and the lifestyle it has to offer. Located across the road from parkland, it is within walking distance of many amenities such as childcare, St Denis Primary School, the Pirate Bar Restaurant and the Charles Hotel. With the Dog Swamp Shopping Centre just a couple of minutes' drive away and busses directly into Perth, everything is literally at your fingertips. This is not your average 3-bedroom townhouse. A great deal of thought has gone into designing a property that does not just look good, but functions well as a home and living space. Hate reversing out into traffic. No worries. There is a motorised turntable in the driveway, just drive on and press your remote. Features include:
